AREA OF USE

The FLUXO LED luminaire offers 360-degree light distribution, creating a soft and atmospheric illumination. Thanks to its well designed structure, durable materials, and flexible mounting options, it is both functional and stylish, making it an ideal choice for modern interiors. Perfect for highlighting spaces and creating a warm, inviting atmosphere.

FLUXO

MATERIAL

Luminaire body: aluminum square hollow section, powder-coated in black color.

Diffuser: PMMA opal plastic.

Cable entry: through a cable gland. Supplied with pre-wired cable for fast and tool-free installation without disassembly of the luminaire.

INSTALLATION

The luminaire can be suspended.

OPTIONS

The luminaire is also available in other colors.
